MAY 13-15, 2013

Dear Colleagues,

It is with great pleasure that we invite you to ECAD XXth Anniversary Mayors' conference in the city of Moscow, capital of Russia, May 13-15, 2013.

We stand stronger countering the evil of drugs together. Learning from international experience will triple our efforts in this task. ECAD Mayors conference of 2013 will underline the importance of international cooperation in practice.

Countering drugs has never been as acute as it is today. We are constantly seeking new ways of tackling unhealthy lifestyles that can be fatal to our children and to our lives in general.

Each state is engaged in solving an exacerbating globalisation of drug addiction. Each city has its own experience and methods of resolving drug issues.

One of the most efficient ways of finding a solution to the problem is to cooperate. We are convinced that by learning from each others' experience, sharing thoughts and ideas we can achieve the furthest goals possible.

The city of Moscow is proud to host the XX-th anniversary ECAD Mayors' Conference in 2013. We wish you many educating, interesting, successful, pleasurable and special moments during your visit to Moscow.
